Foreword

The National Curriculum Framework, 2005, recommends that children's life at school must be linked to their life outside the school. This principle marks a departure from the legacy of bookish learning which continues to shape our system and causes a gap between the school, home and community. The syllabi and textbooks developed on the basis of NCF signify an attempt to implement this basic idea. They also attempt to discourage rote learning and the maintenance of sharp boundaries between different subject areas. We hope these measures will take us significantly further in the direction of a child-centred system of education outlined in the National Policy on Education (1986).

The success of this effort depends on the steps that school principals and teachers will take to encourage children to reflect on their own learning and to pursue imaginative activities and questions. We must recognise that given space, time and freedom, children generate new knowledge by engaging with the information passed on to them by adults. Treating the prescribed textbook as the sole basis of examination is one of the key reasons why other resources and sites of learning are ignored. Inculcating creativity and initiative is possible if we perceive and treat children as participants in learning, not as receivers of a fixed body of knowledge.

These aims imply considerable change in school routines and mode of functioning. Flexibility in the daily time-table is as necessary as rigour in implementing the annual calendar so that the required number of teaching days are actually devoted to teaching. The methods used for teaching and evaluation will also determine how effective this textbook proves for making children's life at school a happy experience, rather than a source of stress or boredom. Syllabus designers have tried to address the problem of curricular burden by restructuring and reorienting knowledge at different stages with greater consideration for child psychology and the time available for teaching. The textbook attempts to enhance this endeavour by giving higher priority and space to opportunities for contemplation and wondering, discussion in small groups, and activities requiring hands-on experience.

NCERT appreciates the hard work done by the textbook development committee responsible for this book. We wish to thank the Chairperson of the advisory group at primary level, Professor Anita Rampal and the Chief Advisor for this book, Professor R. Lalitha Eapen (CIEFL, Hyderabad) for guiding the work of this committee. Several teachers contributed to the development of this textbook; we are grateful to their principals for making this possible. We are indebted to the institutions and organisations which have generously

permitted us to draw upon their resources, material and personnel. We are especially grateful to the members of the National Monitoring Committee, appointed by the Department of Secondary and Higher Education, Ministry of Human Resource Development under the Chairpersonship of Professor Mrinal Miri and Professor G.P. Deshpande, for their valuable time and contribution. As an organisation committed to the systemic reform and continuous improvement in the quality of its products, NCERT welcomes comments and suggestions which will enable us to undertake further revision and refinement.

Constitution of India

Part IV A (Article 51 A)

Fundamental Duties

It shall be the duty of every citizen of India —

- (a) to abide by the Constitution and respect its ideals and institutions, the National Flag and the National Anthem;
- (b) to cherish and follow the noble ideals which inspired our national struggle for freedom;
- (c) to uphold and protect the sovereignty, unity and integrity of India;
- (d) to defend the country and render national service when called upon to do so;
- (e) to promote harmony and the spirit of common brotherhood amongst all the people of India transcending religious, linguistic and regional or sectional diversities; to renounce practices derogatory to the dignity of women;
- (f) to value and preserve the rich heritage of our composite culture;
- (g) to protect and improve the natural environment including forests, lakes, rivers, wildlife and to have compassion for living creatures;
- (h) to develop the scientific temper, humanism and the spirit of inquiry and reform;
- (i) to safeguard public property and to abjure violence;
- (j) to strive towards excellence in all spheres of individual and collective activity so that the nation constantly rises to higher levels of endeavour and achievement;
- * (k) who is a parent or guardian, to provide opportunities for education to his child or, as the case may be, ward between the age of six and fourteen years.

Note: The Article 51A containing Fundamental Duties was inserted by the Constitution (42nd Amendment) Act, 1976 (with effect from 3 January 1977).

* (k) was inserted by the Constitution (86th Amendment) Act, 2002 (with effect from 1 April 2010).

A Happy Child

UNIT
1

Enjoy this poem

My house is red - a little house;
A happy child am I.
I laugh and play the whole day long,
I hardly ever cry.

I have a tree, a green, green tree,
To shade me from the sun;
And under it I often sit,
When all my play is done.

Fun with colours

Fill in the box with the right colour.

- ▶ What is the colour of the happy child's house?
- ▶ What is the colour of your house?
- ▶ What is the colour of the tree?
- ▶ What is the colour of the sun?

Let's talk

Is there a tree growing near your house?

- ▶ Tell us about the tree. Is it big or small?
- ▶ Do you like the tree? What is the name of the tree?

Let's share

There are many kinds of houses. Circle the ones you have seen.

Three Little Pigs

Listen and enjoy this story

Once there were three little pigs,
Sonu, Monu and Gonu.

Sonu lived in a house of straw.
Monu lived in a house of sticks and
Gonu lived in a house of bricks.

One day a big bad wolf came to Sonu's house.
He said, "I will huff and puff and I will blow your
house down." So he huffed and he
puffed and he blew the house
down.

Sonu ran to Monu's house.

The wolf came to Monu's
house. He said, "I will huff and
puff and I will blow your
house down." So he huffed and
he puffed and he blew Monu's house down.

Sonu and Monu ran to Gonu's house.

The wolf came to Gonu's house. He said, "I will huff and puff and I will blow your house down." So he huffed and he puffed but he could not blow the brick house down. It was very strong.

The wolf went away and Sonu, Monu and Gonu lived happily together in the red brick house.

The emphasis in this book is on developing language skills by using the mother tongue in the initial stages. The teacher's encouragement and motivation are very important. Children are curious and love to try things in their own little ways. Do not correct their mistakes. Focus on the process of learning and remember that the child needs to be given activities that are exciting and stimulating.

The **first Unit** is about introducing the child to a process of learning following the concept '*from near to far*'. Allow them to talk and help them to express their thoughts by use of their mother tongue, visuals, pictures, sketches, single word questions and answers. As you introduce the text (both the poem and the story), encourage all the children to participate.

► Develop listening skills

Read the poem/story aloud to the children.

Read it with emphasis on clear speech and correct pauses at commas and full stops.

► Develop pronunciation

Let the children read aloud after you. Make them repeat

blow, flow, glow

brick, kick, stick

huff, puff, stuff

► Exposure to language

Use *sight words* in the classroom by putting visuals and cue cards. Let children read these:

bad
sad

bed
red

big
dig

cot
hot

bun
sun

► Develop speaking skills

1. Encourage children to walk and jump like different animals. Let them make the sounds of '*huff*', '*puff*' etc. with force.
2. Write two-letter words on the blackboard such as **am, he, in, is, it, me, my, so** and start a contextual conversation by saying, '*She is a girl*', '*I am a teacher*', '*Please give me a pencil*', '*He is a boy*', '*You are so far away*', '*It is a warm/cold day*' etc.

Provide opportunities to children for working and playing together in

small groups. It will promote interaction, togetherness and team spirit besides encouragement for natural expressions.

3. Conversation based on 'Role play'

- Divide your class into four groups: **Red**, **Yellow**, **Blue**, **Green**
- Let each group make a house.

Red— a hut **Blue**— a flat **Yellow**— a bungalow **Green**— an igloo

Red and **Blue** groups have to talk about all the objects in their houses.

Yellow and **Green** groups have to talk about objects around their houses.

- **Method**— Each group uses low-cost waste material (e.g. newspapers, cardboard, grass, leaves, matchsticks, etc.) to draw, sketch, construct or act out a scene from their house.

MATERIAL REQUIRED

Boxes/old cartons
for collecting leaves, twigs...

Pencils / spoons, beads,
string etc.

► **Develop writing skills / fine motor coordination**

Writing needs practice before it becomes spontaneous and neat. In making the strokes show the child how to hold the pencil and use it safely. Encourage children to make different patterns/basic strokes by drawing them on the blackboard, slate/paper. Put two letter and three letter words on flash cards and show them to the children. Let them recognise the words.

► **Raising awareness**

Talk about turning off taps and not wasting water.

The Bubble, the Straw and the Shoe

Listen and enjoy this story

Once upon a time there lived a Bubble, a Straw and a Shoe.

One day they went into the forest.

They came to a river. They did not know how to cross it.

The Shoe said, "Bubble, let us float on you."

“No, Shoe! Let Straw stretch himself from one bank to the other. Then we can cross the river.”

So, the Straw stretched himself from one bank to the other.

When the Shoe jumped on the Straw, it broke. The Shoe fell into the water with a loud splash.

The Bubble shook and shook with laughter and burst with a big bang.

Alexei Tolstoy

New words

Let's read

I can blow bubbles.

I can wear shoes.

Reading is fun

- ▶ Name the three friends.
- ▶ Where did they go one day?
- ▶ What did they want to do?

Let's talk

- ▶ How do you make bubbles?
- ▶ What do you wear on your feet?
- ▶ How would you cross a river?

Let's share

Put these doing words into the sentences.

Conversation is a very important and natural activity for the development of vocabulary and speech patterns. In Unit 2, involve all the children in these joyful interactive sessions. Encourage them with phrases such as, “Please try”, or “Oh! You are so good!” Appreciate every child's efforts and ensure a feeling of success for all the children. Consider the abilities of each child.

► **Develop listening skills**

Practise the poem and say it aloud to the children.

Read the story with emphasis on new words and enable them to bring experiences into reading for understanding and enriching their imagination.

► **Develop pronunciation**

Read the text and say aloud with the children

cry, dry, try

dog, fog, log

dine, fine, mine

cake, shake, take

► **Exposure to language**

Use *sight words* in the classroom by putting visuals and cue cards. Let the child read these:

draw
straw

hen
pen

pit
wit

dog
log

blue
glue

► **Develop speaking skills**

1. Have a talk on brushing teeth, washing hands, hygiene etc.
2. Conversation based on ‘Role play’

- Divide the class into four groups **Red**, **Yellow**, **Blue**, **Green**

Group Red: Let them say, ‘I try to save water’ as they wipe themselves with towels.

Group Blue: Involve the children in an activity e.g. cleaning the cobwebs with sticks/mops or tidying the classroom or class cupboard. Let them say, ‘I try to clean my space.’

Group Yellow: Mix some soap in a bowl of water. Stir it to build up bubbles. Use it for the floating/sinking activity if you like.

Group Green: Let them pick up papers, wrappers etc. from the school playground and put them into dustbins.

- All groups are to make cutouts which can be hung in the class/outdoors/on the door/on the walls/on the trees.

- Imagine you are walking down a street and you see a friend far away. Wave out and call your friend.

► **Develop writing skills / fine motor coordination**

1. (a) Write on the blackboard **a, e, i, o, u** and **1 to 10**. Let the child write numbers and trace a few letters. These are the child's attempts at writing. The teacher can gradually lead the child to proper formation of letters. Also provide each child with a comfortable writing position, adequate space and an appreciative atmosphere.
(b) Each child's grip on the pencil and appropriate colouring within lines must be looked into.
(c) Use Activity Sheets to further encourage the patterns as on pages 19, 20, 23, 24, 25 and 26 and numbers 1 to 10 (here co-ordinate with the maths teacher). However, do not force the child.
2. Enact a situation when your writing hand is hurt and you have to write.
3. Show children how to open and close buttons/zip and tie shoelaces.

► **Raising awareness**

Talk to the children about switching off lights, fans etc. when not required.

MATERIAL REQUIRED

Any old clothes with buttons, purse / bag with a zip, shoes with laces.

Lalu and Peelu

Listen and enjoy this story

There was a hen.
She had two chicks,
Lalu and Peelu.

Lalu was red.
He loved red things.

Peelu was yellow.
He loved yellow things.

One day Lalu saw
something on a plant.
It was red. He ate it up.

Oh, no! It was a red chilli.
It was very hot.

Lalu's mouth started
burning.
He screamed.

Mother Hen came running.
Peelu came too.
Peelu said, "I'll get something for you!"
Peelu brought a yellow laddu.

Lalu gobbled up the laddu.
His mouth stopped burning.
Mother Hen and Lalu kissed Peelu.

Reading is fun

- ▶ Name the chicks in the story.
- ▶ Who liked yellow things?
- ▶ What did Lalu eat one day?

Let's talk

- ▶ Peelu brought a yellow laddu for Lalu. What are the other things Peelu could have brought that are both yellow and sweet? Name at least two, e.g. a mango.

Let's share

- ▶ Lalu loves red things. Peelu loves yellow things. The colour red is called 'lal' in Hindi and yellow is called 'peela'. What do you call these colours in your language?
- ▶ Give names to these chicks using the names of some other colours in your language.

Adapted from E.H. Grassam

Act out this story with the class.

While working with the children provide them with activities that are interesting and challenging. Give opportunities for fun to the children and encourage early writing attempts. Help them to develop the skill to identify and discriminate objects, pictures, colours, shapes etc.

► Develop listening skills

Recite the poem to the children using appropriate actions/gestures.

Read the story with emphasis on new words and make sentences with reference to the story.

► Develop pronunciation

Read the text and say aloud with the children

ate, date, gate

boy, joy, toy

burn, turn

bees, fleas

► Exposure to language

Use *sight words* in the classroom such as visuals and cue cards. Let the children read these:

a

e

i

o

u

► Develop speaking skills

The little play on chicks can introduce vocabulary in an interesting, conversational way.

1. Have a talk on eating healthy food.

2. Conversation based on 'Role play'

- Divide the class into four groups **Red**, **Yellow**, **Blue**, **Green**

Group Red: to make paper bags.

Group Blue: to collect leaves for eyes, nose, ears.

Group Yellow: to roll a string/play dough for whiskers.

Group Green: to roll a rope/twigs to make tails.

All groups will join to complete the paper bags. The children can decorate them with animal faces or figures. Afterwards these can be used as hand puppets. You can encourage the children as they go about doing this activity. Add any other material that you may want.

MATERIAL REQUIRED

Any old paper bags/
newspapers, glue, thread, rope,
coloured pencils and markers.

- Imagine you are eating a fruit and it falls down. Ask the children what they would do.
- Act out a situation when (i) you are hungry (ii) you are full (iii) you overeat.

► **Develop writing skills / fine motor coordination**

1. Write the words **hat, bed, pin, hot, cut** and numbers **11** to **20** on the blackboard. Let the child write numbers and read from the board. Use Activity Sheets to further encourage the patterns as on pages 31, 33 and 37 and numbers 11 to 20 (here co-ordinate with the maths teacher). However, do not force the child.
2. Sorting things into groups is an essential part of learning. By differentiating between objects, children start to think about similarities and differences and how things can be categorised. Show children how to sort leaves and twigs by placing them in two different piles.
3. Give children coloured beads and ask them to string them in a sequence. For example, one blue bead, two red beads and so on. Or on a string, thread two or three beads and ask the children the number of beads.

► **Raising awareness**

Tell the children to wash their hands before and after meals.

Once I saw a Little Bird

UNIT 4

Sing and enjoy this poem

Once I saw a little bird
Come hop, hop, hop,
I cried, "Little bird,
Will you stop, stop, stop?"

I was going to the window
To say, "How do you do?"
But he shook his little tail
And away he flew.

New words

Let's read

The **bird** flies out of the **window**.
We must **stop** cutting trees.

Reading is fun

- ▶ What did the child see?
- ▶ What was the little bird doing?

Let's talk

- ▶ Do you see any birds around your school or your house?
- ▶ Have you tried talking to them?

Let's do

Join the letters from a to z.

Trace over the dotted lines and letters. Now colour the stars.

Say these words aloud and talk about the picture.
Then tick the right colour.

The roof is **pink** / **blue**.

The walls are **yellow** / **red**.

The windows are **green** / **brown**.

The door is **blue** / **grey**.

The dustbin is **pink** / **green**.

The plants are **green** / **orange**.

The floor is **grey** / **brown**.

Mittu and the Yellow Mango

Listen and enjoy this story

Mittu was a parrot.
A green parrot
with a red beak.

One day Mittu
was flying.
He loved to fly.
He looked down.
He saw a big yellow
mango on a tree.

Mittu liked mangoes.
“I want to eat that yellow mango,”
he said.
He flew down to the tree.

“Caw, caw, go away.
This is my tree,” said a voice.
Mittu looked up.
He saw a big black crow.

“Caw, caw, go, go,”
the crow shouted.
He had a very loud voice.
Mittu was afraid of the crow.
He flew away.

Mittu saw a red balloon.
It was under a tree.
He had an idea.

He picked up the red balloon.
He was careful not to burst it.

He flew to the mango tree.
The crow was sitting on the tree.
Mittu went behind the tree.

He pecked the balloon with
his red beak.
“Pop!” The balloon burst.
It made a loud noise.

“Caw!” said the crow.
And he fell off the tree.
“Caw, caw, a big gun is after me,” said the crow.
He flew away.
He never came back to the tree.

Mittu came to the tree.
He ate the big yellow mango.

“Yummy yummy,
what a nice mango!” he said.
He was very happy.
Clever Mittu!

The children look forward to this active approach of hearing, doing and participating. Now they can be given the freedom to choose their groups and tasks. Groups can be divided into those who want to (i) taste something tangy like a lemon, (ii) sweet like sugar, (iii) bitter like neem/bitter gourd or (iv) salt. Let them make *nimbu pani* with the required ingredients and drink it. Shared activities will foster healthy relationships.

MATERIAL REQUIRED

2 lemons, a little sugar,
a little salt, neem leaves
and drinking water.

► Develop reading skills

By this time children should be able to read a few words. Involve them in a reading activity, laying emphasis on the highlighted words in the text.

► Develop pronunciation

Say aloud with the children

'Stop' says the red light,

'Go' says the green.

'Wait' says the yellow light,

Blinking in between.

► Exposure to language

Display *sight words* in the classroom. Sight word vocabulary is developed by using words repeatedly in meaningful contexts. Let children read these:

chilli

mango

parrot

► Develop speaking skills

1. The peacock is our national bird. The male bird has a beautiful tail. The female is called a peahen. Encourage children to talk about other birds they see in their school or near their homes.
2. Conversation based on 'Role play'
 - At this stage children should be able to identify different sounds in their environment. Ask them to imagine that they are birds and let them call out to another bird. Encourage them to listen to sounds of nature (chirping of birds, rainfall, wind blowing etc.)

- Act out a scene when the children are birds flying in the sky.
- The children may be taken out and given their food outdoors. Let them be motivated to talk about different tastes after the meal or have a conversation about *nimbu pani* if the activity has been done.

► **Develop writing skills / fine motor coordination**

1. Write the following words and numbers on the blackboard — **hop, stop, shop, mop** and digits from **1** to **10**. Use Activity Sheets and you can also start using a notebook to further encourage the patterns as on pages 43, 44, 48, 49 and 50.
2. Show the children how to draw a bird/ make a bird with clay/play dough.

► **Raising awareness**

Tell the class that birds are our friends. We can feed them with some grains or bread crumbs.

Merry-Go-Round

UNIT
5

Listen, sing and dance

I climbed up on the merry-go-round,
And it went round and round.

I climbed up on a big brown horse,
And it went up and down.

Circle

Listen, read and draw

One day Mohini was sitting with her grandmother.

Grandmother drew a circle.

“Can you draw a circle, Mohini?”

“Yes I can.”

Soon Mohini drew a circle.

“Now, I’ll draw a ball.”

Grandmother drew three lines on the circle.

Mohini drew three lines on her circle.

It really looked like a ball.

“Now let’s draw a balloon.”

Grandmother added a zig-zag line to the circle.

“Oh! It really looks like a balloon.” Mohini clapped with joy.

Mohini drew many circles— big and small circles, red, blue, green and yellow circles. She also added zig-zag lines to these.

And now there were many balloons.

“Can you draw something else with a circle?” asked Grandmother.

“Yes,” said Mohini.

She drew a wheel, a moon, a sun, a rabbit and her own face.

Activities now have more to do with what the children like to do. You can try this:

- Make the children sit in a circle. Ask a child to start counting from number 1. The child sitting next to him/her continues with number 2 and so on. The child who has to say number 5 or 10 says *chup* and the next child starts with number 1 again.
- Draw a circle on the floor with a piece of chalk. Let the children walk along the drawn line. Ask them to hold a book/any object in one hand and walk along the line. Talk to them about balancing things. Ask them if they feel giddy on a merry-go-round.

► **Develop listening skills**

The children can be taken outdoors during the break and allowed to eat their snacks there. Let them talk to each other about the different tastes of foods. Ask children to speak to the point and take turns. Also inculcate in them a habit of listening when others speak.

► **Develop pronunciation**

Read the following words and say aloud with the children:

► **Exposure to language**

Display the following *sight words* in the classroom and let the children read them aloud.

The farmer's in the den.*

*The farmer wants a wife,
The wife wants a child,
The child wants a nurse,
The nurse wants a dog,
The dog wants a bone.*

► **Develop writing skills / fine motor coordination**

1. Write the letters from **a** to **q** on the blackboard. Let the children read and write from the blackboard and the picture dictionary. Children should not be forced or pressurised to recognise words or letters. This can be done through pictures or actions. Use Activity Sheets and a notebook to further encourage the patterns as on pages 55, 58, 59, 60 and 61, and any extra exercises that the children want to do.

2. Pour water from one container to another.

► **Raising awareness**

Tell the class that we must cover our food from flies.

Our Tree

Listen and read

A little bird sees
Ripe fruit on our tree
And eats a tasty berry.
The bird flies tall
And a berry seed falls.

The rains have come
Hurry! let's run.
Clouds, rain and sun...
Our plant is born, a little one.

Now a tree,
With branches long,
Crows and bird-song,
Crawling ants and spiders' webs,
Caterpillars with tiny legs,
Rich green leaves, life aplenty.

The tree has fruit,
Some big, some small,
Let us pluck them
But do not fall!

Crows perch, squirrels run,
And see the monkeys
Having fun!

Strong branches,
With pretty swings,
Our beautiful tree
Has so many things.

Murali's Mango Tree

Listen, read and enjoy this story

One day Murali ate a mango.
He threw the seed behind his house.
Many months later, he saw a plant.
He watered the plant every day.
The plant grew into a big mango tree.
Every summer, many mangoes grow on it.
Now, Murali's children eat the mangoes.

Read the sentences and tick (✓) the right picture.

Murali ate a (banana  /mango ) one day.

He threw the (seed  /mango ) behind his house.

Many months later, he saw a (seed  /plant ).

He watered the (seed  /plant ) every day.

Many (apples  /mangoes ) grew on the tree.

Draw a tree showing leaves, branches, fruit, birds, nest and a swing.

Let's talk

- ▶ Describe the picture using all the words given above.
- ▶ Should trees be cut?
- ▶ Name some trees which you have seen.

This unit is a good opportunity for involving children in interesting activities about their environment. Encourage children to look and listen attentively and express their thoughts freely.

- Talk to them about trees around and how important they are.
- Share with them topics like “Why do you think trees are important for us?”

Give them clues like, “They give us shade, flowers, fruits etc.”

► **Group Activity**

Let the children make a class tree with their handprints. Let them stick leaves and twigs on it. Write this verse and stick it under a tree.

What do I plant?

When I plant a tree

I plant a circle of shade around me;

A circle of shade

Where people come

To rest under the sun.

MATERIAL REQUIRED

A sheet of paper, some twigs, some leaves and an old cardboard sheet

► **Develop pronunciation**

Words like **tree**, **bee**, **flea** can be introduced.

► **Exposure to language**

This time let the *sight words* be the names of children which can be pasted on the tree that the children have made.

Names of all the children such as **Ritu** **Kabir** **Mohan** **Lofang**

► **Develop speaking skills**

Give children a week or two to learn a rhyme, one in their language and one in English. Let them recite these. Always appreciate their efforts. Do not push children who are not ready for it. As facilitators we must let children speak at their own pace.

► **Develop writing skills**

Write the letters from **r** to **z** on the blackboard. Let the children read from the board and the picture dictionary. Encourage these early writing attempts and ensure a feeling of success for all children. Use Activity Sheets and a notebook to further encourage the patterns as on pages 65, 66, 69, 70, 71, 72 and 74.

► **Use the method of developing fine motor coordination**

Tell the class how to sort out three mixed pulses into different piles or sort leaves on the basis of their colour, shape and texture.

► **Awareness raising**

Have a discussion on the hazards of throwing things into the river and why we must stop this from happening.

Sundari

Read and enjoy this story

Sundari was a big red, white and blue kite. When Bobby made her she smiled at him.

“You are beautiful and I will call you Sundari,” he said.

One day, Bobby took Sundari to the fair.

The band was playing and everyone was smiling.

A merry-go-round was playing a happy little tune. It was carrying lots of boys and girls round and round on its wooden animals.

Bobby looked for an open space where he could run and fly his kite. Sundari looked too.

Out in the grass ran Bobby, holding up his kite as high as he could.

Puff! The wind came along. Sundari started to fly up! But she could not go very high. A little dog was holding on to her long tail. It was in his mouth.

Bobby shooed the dog away.

“We’ll try again,” Bobby said.

This time Sundari leaped up in the air. She tugged hard. Oh, how she wanted Bobby to let go of her string! She gave a big tug. Bobby had to let her go.

“Wheee!” cried Sundari. “Now I can fly as high as I please!”

And away she went. She flew up, up, up in the air.

In this unit we introduce children to sounds like *blow*, *whoosh*, *puff*, *whiff*, *dizzy*, *shooed*, *shoo*, *woof*, and *woo*. Encourage children to listen to all the sounds on their way to school. Let them discuss the ones that were pleasant and those that were not. You can also ask them to recite different rhymes involving animal sounds.

► **Develop pronunciation**

Have a reading session of the story 'Sundari'. Let each child be given a few lines to read.

► **Exposure to language**

Continue to use *sight words* in the classroom. Here you can put up the following words and get the children to repeat after you.

door

tree

window

► **Develop speaking skills**

Divide your class into four groups: 1, 2, 3, 4

Enjoy this short play with children saying:

All children : 1, 2, 3, 4, 5

Group-1 : Whoosh! Whoosh! Once I caught a fish alive.

Group-2 : 6, 7, 8, 9, 10
Woof! Woof! Then I let it go again.

Group-3 : 11, 12, 13, 14, 15
Shoo! Shoo! Why did you let it go?

Group-4 : 16, 17, 18, 19, 20
Blow! Blow! Because it bit my finger so.

Group-1, 2, 3 : Which finger did it bite?

Group-4 : This little finger on my right.

Let all children clap their hands and say this entire rhyme once again.

Through play, children develop the habit of establishing and following instructions which will help them throughout their lives. Playing in groups helps them to exercise self control. It also gives an opportunity to the teacher to observe and improve children's social understanding and attitudes.

► **Develop writing skills / fine motor coordination**

Introduce **A** to **Z** in capital letters. Write from **a** to **z** on the blackboard. Let the children write and read from the board and from the picture dictionary. Use Activity Sheets and a notebook for further practice.

Let children move in a single line saying, “*Puff, puff* goes the train”.

► **Raising awareness**

Involve the children in a kite making activity. They can either decorate their class or the trees outside with the kites they have made. They can talk about festivals when kites fly in the sky.

MATERIAL REQUIRED

Any coloured paper,
strings and straws / twigs.

The Tiger and the Mosquito

Read and act out this story

A tiger was dozing under a tree. A mosquito came buzzing by. The tiger said, “Hey! Mosquito! Go away!”

The mosquito said,
“Why should I go away?
I am not afraid of
you!”

The tiger was angry.
He hit out with his
paw.

The mosquito flew off. The paw struck his own cheek.
The blow scraped his cheek. It began to bleed.
The mosquito buzzed away.

The tiger struck with his
other paw. The mosquito
flew off. This time, too,
he hit himself.

The tiger was
helpless. The mosquito
continued to buzz.

The tiger got up and
quietly walked away.

The mosquito called out
after him, "Don't be so proud, my friend. Everyone is
great in his own way!"

- ▶ What are the cat and mouse saying?
- ▶ First say this in your own language.
- ▶ Now act out the story and say the words and sentences in English.

THE GIANT MOUSE

► **By this Unit children should be involved in**

- **Observation** of objects and things around them.
- **Conversation** about the observation they have had.
- **Sharing** of their own view point about the observation.
- **Reading** the text as much as they can, especially the new words. Encourage the children to say dialogues in their own words; then write the English words on the blackboard. Have a reading session of any story from the Unit. Let each child be given a few lines to read. Engage them in reading aloud with you.
- **Writing** simple words of one, two, three syllables (a syllable has one vowel sound, e.g. mug, truck, more (one syllable); never, lazy (two syllables) and September, October (three syllables).
- **Craft making skills** such as simple folding, sticking and decorating the classroom.

► **Use the method of developing skills in a very informal yet clear manner. The following should be kept in mind:**

- Development of listening skills — What the child **hears** is important.
- Development of visual skills — What the child **sees** is important.
- Development of sharing skills — What the child **feels** is important.
- Development of speaking skills — How the child is asked to **speak** is important.
- Development of reading skills — How the child is exposed to routine **reading** is important.
- Development of fine motor skills — Child's exposure to **pre-writing activities** is important.
- Development of writing skills — **This should be the last milestone in the chain.**

► **Raising awareness**

Encourage the children to brush their teeth after meals. As the facilitator you can add to this list. We must educate the children to preserve our natural resources at a very formative stage of their growth.

Anandi's Rainbow

Enjoy this nature story

It was raining outside. Anandi was fast asleep dreaming of rainbows. She woke up to look out of her window. There was a huge, bright rainbow across a clear blue sky.

Anandi ran out to the garden with Milli, her favourite cat.

Anandi loved to draw and paint. Today, she wanted to paint the flowers of her garden with the colours of the rainbow.

She coloured one flower with the violet, and another with the indigo of the rainbow. One with the blue and leaves with the green... One with the orange...

One with the red...

But she left the yellow so that the Sun may look bright and gay...

And lo! There were beautiful flowers all over the garden. The Sun was up there shining in its yellow glory.

After giving colours to the flowers and the Sun, the rainbow was gone...

Anup Ray

New words

Let's make a riddle

Use **am** or **have** in the blanks.

I _____ white in colour.

I _____ two eyes.

I _____ four legs and a short tail.

I _____ wool on me.

What _____ I ?

Ans: I am a sheep.

The idea in this Unit is to assist the children in building their imagination; making and speaking simple sentences; and writing at least a few sentences. The sentences can be made both from the text and from their environment, using the sight words and flash cards in their classroom or outdoors.

► **Develop reading skills**

Let the children do the activity of **odd one out**. Encourage them to spot the one that is different. For example, draw a sequence of objects such as flowers and make one flower slightly different. Ask the children to point out the one that is different. These kinds of activities are relevant to reading as they help them identify and discriminate between objects and pictures.

Alphabet cards can be used for the matching exercise. The teacher makes cards from **a** to **z** in capitals and in lower case. The child has to match the capital letter with the corresponding one in lower case. For example, **A** with **a** and **B** with **b**.

► **Group activity**

Make a calender for every month showing birthdays of every child and display it along with this traditional song:

*Thirty days hath September,
April, June, and November,
All the rest have thirty-one,
Excepting February alone.*

► **Develop pronunciation**

Have a recitation or reading session of the poem 'Clouds'. Let each child be given a chance to read. The more confident he feels, the more motivated he will be to continue in his efforts.

Have a reading session of the story 'Anandi's Rainbow' from the Unit. Let each child be given a few lines to read.

► **Develop speaking skills**

Discuss with them the following questions

- How many days has September?
- Does February have 30 days in the month?
- How many months have thirty days?
- How many months have thirty-one days?
- When is your birthday?
- How many children in the class have a birthday in each month?

Ask the class to repeat sentences like: 'It's cold', 'It's raining today', 'It's hot', 'The wind is blowing', 'Leaves are falling'.

Flying-Man

The Tailor and his Friend

Read and enjoy this story

Kalu the tailor had a shop near the river. He made colourful pants and shirts for children. Appu the elephant was his friend. Appu came to his shop everyday. Kalu gave him many nice things to eat.

One day Kalu wanted to play a trick. He did not give Appu anything to eat. He took out his needle instead and pricked Appu's trunk. Appu ran away in pain.

Two days later Appu came down to the river and filled his trunk with water. He reached Kalu's shop and threw water everywhere. All the new clothes became wet.

Appu shook his trunk and said "An elephant never forgets." Kalu said, "I am sorry, Appu. Let's be friends again."

Kalu and Appu became good friends.

New words

friend

pain

shop

tailor

trick

wet

Let's read

The **tailor** had a shop.
I have many **friends**.

Reading is fun

- ▶ Who was Kalu?
- ▶ Who was Appu?
- ▶ Where was Kalu's shop?
- ▶ What trick did Kalu play on Appu?
- ▶ How did Kalu's clothes become wet?

Let's talk

- ▶ What do you do
 - when someone troubles you?
 - when you are angry?
 - when you don't want to share?
 - when someone asks you for a pencil?

Let's share

- ▶ What games do you play with your friends?
- ▶ Can you walk and make sounds like an elephant?

The tailor had a shop near the river.

Question: Where is your house?

Answer : My house is near _____

Make some more sentences like the above beginning with words like—

My school...

The elephant...

My friend's house...

The aeroplane...

The well...

My book...

Say aloud

jam	pan	year	zebra
jeep	pen	yell	zigzag
joy	pick	yellow	zip
jug	pink	yes	zoo
juice	put	young	zoom

Pick the odd one out. One has been done for you.

Let's do

Make a Friendship-band

- ▶ What you need:

paper
scissors
glue
ribbon

- ▶ Material to decorate (**sequins, beads, toffees, glitter, etc.**)
- ▶ Cut a strip of ribbon (colour of your choice). Cut its length to make a wrist band.
- ▶ Draw a marigold flower on the paper and cut it out.
- ▶ Decorate the marigold flower with glitter, sequins or whatever you like.
- ▶ Continue to make flowers until you have the number you wish to put on the ribbon.
- ▶ Glue the flowers to the ribbon strip.
- ▶ Let it lie flat until the glue is dry.

***Now your Friendship-band
is ready to be tied
around your friend's wrist.***

- ▶ You can use different materials to decorate each flower, e.g. buttons, lace, sequins, beads, glitter, toffees, etc.
- ▶ A wrist band with the name of your friend can also be made.

- The emphasis in this Unit is on:

- different occupations;
- imaginative thinking and
- the ability to write and speak sentences.

Children should be able to write sentences such as 'My name is...'

There can be times when the children do not speak correctly. Remember, the main focus is on communication and the ability of the children to express their feelings in English.

- Children can be given a series of oral directions to listen to and then follow. Gradually increase the number of directions. For example:

*Pat your head,
touch your nose,
pull your ear,
stamp your feet.*

- Encourage an **independent reading and writing habit** in children and provide them time for it. Motivate them by reading interesting stories and poems. Use the language for instruction that is familiar to the child. Let your enthusiasm for the story shine through. Speak slowly and clearly.
- Some thoughts on friendship, basic hygiene, and compassion for animals, peace and sensitivity to their environment can be discussed.
- Ask the children to practice the alphabets in lower case and capital letters. By now the child should have an understanding of basic punctuation like capital letters, full stops and question marks and be able to recognise plural and singular forms. In all this, the key word is **encouragement**. The child who senses your faith in his abilities will learn to trust himself and derive satisfaction from his accomplishments and stay motivated.
- **Role play and activities** are vital for the development of the child. Through these he/she learns to communicate verbally, share, take turns and enjoy interaction with others.
- This book attempts to involve the child in a sense of joy for a new language. The child who is gently nurtured, subtly led and exposed to all aspects of his environment is the child who will learn.
